The Daily Herald Suburban Business has announced the names of 51 companies, in 5 categories of competition, that are honored as the 2024 Best Places to Work in Illinois.

This statewide survey and awards program was designed to identify, recognize and honor the best places of employment in Illinois, benefiting the state's economy, its workforce and businesses. The 2024 Best Places to Work in Illinois list is comprised of 30 companies in the small employer size (15-99 U.S. employees), 14 companies in the medium-sized list (100-499 U.S. employees), and 7 companies in the large-category (over 500 employees). In addition, the top companies recognized as the best place to work for women, and Hispanics have been announced.

Companies from across the state entered the two-part process to determine the *Best Places to Work in Illinois*. The first part consisted of evaluating each nominated company's workplace policies, practices, and demographics. The second part consisted of an employee survey to measure the employee experience. Workforce Research Group (<https://workforcerg.net/>) managed the overall registration and survey process, analyzed the data and used their expertise to determine the final rankings.
